EXPERIENCE

Teaching

2025 - 2026

Government Girls Primary School

- Taught primary school students.
- Prepared lessons and class activities.
- Monitored student progress and learning.
- Maintained classroom discipline.

PROJECTS

Quick Bites :

Built a C# Windows Forms restaurant billing system with order processing, tax calculation, and receipt generation. Used OOP principles to develop an efficient and user-friendly application.

Transcripto+ (MEAN Stack Project):

Developed Transcripto+, a MEAN stack web application for audio transcription, summarization, and translation. The system supports file export (PDF, TXT, JSON) and content sharing through WhatsApp and Gmail.
